

### Hahn to Speak to Highway Committee Meet

County Supervisor Kenneth Hahn will speak at today's dinner meeting of the Inter-City Highway Committee at the Little Mermaid restaurant in Hermosa Beach, it was announced today.

Supervisor Hahn will discuss road improvements and ways to prevent tearing up improved roadways for installation of utilities.

Wilburn E. Baker, president, Inter-City Highway Committee, invited the Supervisor to attend and speak at the meeting. The Inter-City Highway Com-

mittee is composed of representatives from Torrance, El Segundo, Hermosa Beach, Manhattan Beach, Palos Verdes Estates, Redondo Beach, Gardena, Hawthorne, Inglewood and Culver City.

### Markets Still Shut In Dispute

Chain supermarkets remained closed on the eighth day of a strike—lock-out dispute, as negotiations continued between employers and the Retail Clerks Union.

Smaller markets and independents generally reported an increase in business, but full effects of the shut-down have not been felt since many housewives stocked up before the Dec. 31 deadline.

The shutdown of markets followed picketing of a Hollywood market early on New Year's Day. Other markets, closed, down immediately.

However, Ben Scott, secretary-treasurer of Local 905, which represents the Torrance area, claims that his union is victim of an "illegal lock-out" and said that members of his local were prepared to continue to work under the old contract.

Point of dispute is an 80 cents per hour wage and benefit package sought by the union for a five-year period.

Although smaller markets reported increased business, there were no food shortages observed.

### Headache Clue Found in Faulty Mid-Distance Vision

Bifocal wearers who suffer from headaches and nervousness should investigate the possibility that this discomfort is caused by inability to see clearly at the 18- to 50-inch vision range. If you have trouble reading package labels in the store, seeing across the card table, etc., Continuous Vision Glasses may be the solution to your problem.

CONTINUOUS VISION GLASSES provide proper vision at ALL distances because a special MIDDLE distance correction is blended inconspicuously into the lenses. Thus, whether you are reading, looking across the table, or viewing distant objects, the position of your eyes naturally focuses your vision through the proper lens correction to assure clear sight at every distance. Not expensive; easy terms. Come in for a demonstration without obligation. 32 years in Long Beach.

Open Friday Evenings Until 7 p.m. and Saturdays Until 1 p.m.
